Peter Galovic
General manager
Mediprogres L.t.d

Ceaseless expansion of production and export of our dental units acknowledge correctness of our philosophy focused on satisfaction of customer's needs.

We continue the tradition.

Dental chair **CHIRADENT** with 5 programmable positions has a shape adapted to the needs of ergonomics, convenient work and safety. Its design, materials and silent movements are providing anti-stress environs for the patient. These features are emphasized with comfortable and hygienic upholstery.

Stool M1 and M2 with ergonomic armrest and ring foot rest provide comfort for dentist's work. Colors of upholstery are similar as by the chair **CHIRADENT**.
